

# LRE & Placement

Where and with whom?

# Range of placement options

- Regular class (LRE continuum)
  - Regular class with consultation and / or itinerant services
  - Regular class with part-time special education services
- Special class
- Special school
- Home instruction
- Hospital / Institutional

# Change of Placement

- Notice of change of placement is required when child moves on the range of placement options, or LRE continuum.

# What defines LRE?

- How far away from
  - regular education classroom
  - and
  - same age nondisabled peers

Or...

- Where child is when receiving special education services
- Who is in the classroom with him

# What does not define LRE?

- How much special education service a child receives.
- Geographic location of services.

# Examples

- Child may receive all day special education services in regular classroom.

- Child is receiving special education services in a residential school or hospital.

- Child is receiving special education services in a special education class all day.

- Child is receiving special education services at home.

- Child may be in regular education classroom with 30 minutes of special education provided in special education classroom.

# What is LRE/Placement?

- Where you are sitting when you receive special education  
and
- Who is sitting next to you.
